INDEX

- Introduction of Waves
- Types of Waves
- Wave Principles
- Benefits while Trading

INTRODUCTION

- New Vs Established Traders
- Wrong Entry and Price fell back to my buying Price
- My Trade is going in my favor, but what would be the correct Exit.
- Market is correcting but is it the right to Enter or should I still wait.
 - *Elliot has answers to these issues....*

Types of Waves

- Price movement
 - Motive Vs Corrective waves
 - Impulse Vs Sluggish movement.
-
- *Secret.....want to know????*

Wave Principles

- Wave 2 never retraces 100% than wave 1.
- Wave 4 never enter in the price territory of Wave 1

And.....

- Wave 3 never be the Shortest in comparison with impulsive Wave 1 and Wave 5.

What to expect from the main seminar.....

- How to master the wave theory..
- Possible ending wave patterns..
- Types of correction...and how to trade those corrections
- Maturity of the trends
- And.....
- High probability set-ups

- Live Chart reading...
 - with basis principles of waves.

Thank you

and

See you all on next weekend
